

THE WATER AND SEWER AUTHORITY OF CABARRUS COUNTY (WSACC)

LOWER CODDLE CREEK PARALLEL INTERCEPTOR PROJECT

February 16, 2024

To: All Holders of Contract Documents

Subject: Addendum No. 5

Please make the following revisions/changes to the contract documents:

Contract Documents and Technical Specifications Clarification

1. PVC pipe for the project needs to meet the PVC specification section 03 05 31.11 in the project manual. Vylon PVC specifications do not meet the specifications and therefore is not allowed.
2. All work for Phase 1 (base bid) and Phase 2 (bid alternate) shall be completed within the specified contract period of 730 days per Paragraph 5.02 of the Bid Form Section 00 30 00. Project funding from the State will expire at the end of 2026.
3. All DIP used throughout the project shall be thickness class 52.

END OF ADDENDUM 5
